

Material:	IP2830-203
------------------	-------------------

Overview:

ImagePerfect™ 2830-203 is an embossed laminate with a permanent adhesive system that has been specifically designed for protecting outdoor floorminder graphics. It delivers an R9-rated non-slip surface.

Description:

ImagePerfect™ 2830-203 is a textured laminate that provides a non-slip (R9), scuff-resistant surface finish with high resistance to wearing. In application, it has a high level of transparency. It should be used as a match-component laminate in conjunction with IP 2539 as the harmonised print media for outdoor floor graphic installations. In order to avoid potential lifting of the product, we would recommend that corners are rounded rather than cut to a sharp 90° angle. This laminate must be applied dry (not compatible with wet application).

Parameters:

Characteristics	Units	Value	Test Method
Shape		Roll	
Series		Laminating	
Thickness	mm	0.125	
Color		Clear	
Adhesive		Acrylic, permanent	
Backing liner		Clay-coated kraft, 63g/m²	
Operation temperature	°C	-30 - 90	
Finish		Matt	
Durability	years	1/2	

Warranty:**Technical data**

All information and statements contained in this document are based on the manufacturer's or material supplier's sources known to us at the time of filing. PERLON, spol. s r.o. believes them to be reliable in good faith, but the accuracy and/or completeness of such information is not guaranteed. The data should be considered representative or typical only and should not be used for specification purposes. Manufacturers reserve the right to make changes to the design, construction and technical data of products without prior notice.

Use of the product

Many factors beyond the control of PERLON, spol. s r.o. and known only to the user may affect the use and performance of materials in a particular application. Therefore, we recommend that the customer perform their own tests of the suitability and performance of the material for their application and to a responsible extent for reliable results. As a result, the customer is solely responsible for evaluating the product and determining if it is suitable for the customer's application, including evaluating workplace hazards and reviewing all applicable regulations and standards. Failure to properly evaluate, use, or comply with all applicable safety regulations may result in injury, illness, death, and/or property damage if the material and associated safety is not properly evaluated. PERLON, spol. s r.o. makes no warranties of fitness for a particular purpose.

Limitation of liability

PERLON, spol. s r.o. shall not be liable for any loss or damage arising out of or relating to the product material, whether direct, indirect, special, incidental or consequential (including, but not limited to, loss of products or business), regardless of the applicable legal practice, including but not limited to warranty, contract, negligence or strict liability.
