PRODUCT PAGE

Material:	Kimoto SQHM3

Overview:

This screen protection film was designed to protect and enhance displays and touch operated devices.

Description:

The surface is scratch resistant and can be easily cleaned due to its “Anti fingerprint” hard coating layer. The matte surface offers antiglare performance that removes unwanted reflections. The adhesive layer was optimized for simple installation by the end user preventing air bubbles. Even after long application on the device, the film can be removed without leaving adhesive residue on the surface.

Parameters:

Characteristics	Units	Value	Test Method
Shape		Sheet	
Series		Optical	
Thickness	mm	0.175	
Color		Transparent	
Adhesive		Self wetting, removable silicone adhesive	
Backing liner		Polyester	
Operation temperature	°C	-20 - 80	
Base film		PET	
Finish		Matt	
Pencil hardness	H	2	

Warranty:

Technical data

All information and statements contained in this document are based on the manufacturer's or material supplier's sources known to us at the time of filing. PERLON, spol. s r.o. believes them to be reliable in good faith, but the accuracy and/or completeness of such information is not guaranteed. The data should be considered representative or typical only and should not be used for specification purposes. Manufacturers reserve the right to make changes to the design, construction and technical data of products without prior notice.

Use of the product

Many factors beyond the control of PERLON, spol. s r.o. and known only to the user may affect the use and performance of materials in a particular application. Therefore, we recommend that the customer perform their own tests of the suitability and performance of the material for their application and to a responsible extent for reliable results. As a result, the customer is solely responsible for evaluating the product and determining if it is suitable for the customer's application, including evaluating workplace hazards and reviewing all applicable regulations and standards. Failure to properly evaluate, use, or comply with all applicable safety regulations may result in injury, illness, death, and/or property damage if the material and associated safety is not properly evaluated. PERLON, spol. s r.o. makes no warranties of fitness for a particular purpose.

Limitation of liability

PERLON, spol. s r.o. shall not be liable for any loss or damage arising out of or relating to the product material, whether direct, indirect, special, incidental or consequential (including, but not limited to, loss of products or business), regardless of the applicable legal practice, including but not limited to warranty, contract, negligence or strict liability.
