Material:	EXPAN 2008 A

Overview:

Description:

EXPAN 2008A white double-faced adhesive foam tape is designed for versatile applications requiring strong bonding and insulation. Made from high-quality closed-cell polyethylene, this tape offers excellent adhesion and durability, making it ideal for use in construction, automotive, and electronics. Its clean white color blends seamlessly with various surfaces, ensuring an aesthetically pleasing finish. For best results, ensure surfaces are clean before application.

Parameters:

Characteristics	Units	Value	Test Method
Series		Foam tape	
Aplication use		Bonding, Insulation	
Type		Double-faced	
Shape		Roll	
Thickness	mm	0.8	Caliper
Aplication surfaces		HSE plastic, LSE plastic	
Carrier material		PE foam	
Adhesive type		TA1860 cross-linking acrylic	
Color		White	
Backing liner		PO film	
Operation temperatures	°C	-40 - 80	Thermometer

Warranty:

Technical data

All information and statements contained in this document are based on the manufacturer's or material supplier's sources known to us at the time of filing. PERLON, spol. s r.o. believes them to be reliable in good faith, but the accuracy and/or completeness of such information is not guaranteed. The data should be considered representative or typical only and should not be used for specification purposes. Manufacturers reserve the right to make changes to the design, construction and technical data of products without prior notice.

Use of the product

Many factors beyond the control of PERLON, spol. s r.o. and known only to the user may affect the use and performance of materials in a particular application. Therefore, we recommend that the customer perform their own tests of the suitability and performance of the material for their application and to a responsible extent for reliable results. As a result, the customer is solely responsible for evaluating the product and determining if it is suitable for the customer's application, including evaluating workplace hazards and reviewing all applicable regulations and standards. Failure to properly evaluate, use, or comply with all applicable safety regulations may result in injury, illness, death, and/or property damage if the material and associated safety is not properly evaluated. PERLON, spol. s r.o. makes no warranties of fitness for a particular purpose.

Limitation of liability

PERLON, spol. s r.o. shall not be liable for any loss or damage arising out of or relating to the product material, whether direct, indirect, special, incidental or consequential (including, but not limited to, loss of products or business), regardless of the applicable legal practice, including but not limited to warranty, contract, negligence or strict liability.
